

MULTI DISPLAY WALL +

SKU: PW010020

Build a video wall easily or place the screens in a row – and choose any number or design. It's simply a case of choosing as many modules as you need. Each module is supplied as a complete package with all necessary components, and can be set up in three easy steps. The solution makes it easy to place the screens exactly in line and allows edge-to-edge mounting for a perfect result. If you build a video wall you will appreciate a smart and economical finesse: the "Push" function that pushes a screen forwards to give easy access for service and/or exchange while all other screens remain in operation.
