

MULTI DISPLAY WALL PORTRAIT

SKU: PW010003

A cost-effective and simple way of constructing a video wall from a row of displays mounted in portrait mode. The solution can be used with displays from approximately 46" and up.

Simply choose as many modules as you need.

Each module is supplied as a complete package with all necessary components, and can be set up in three easy steps. The solution makes it easy to place the displays exactly in line and allows edge-to-edge mounting. The final result lies closer to the wall than most other products on the market.
