

NEW PRESENCE MOBILE & FLOOR VC

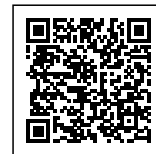

SKU: N/A

Presence Videoconference is a stable, patented, and at the same time elegant floorstand - choose this product with wheels, or with a foot you can bolt to the floor. The unique design completely hides cables and peripherals inside the product. Attractive from all sides, also seen from behind. Both these versions are perfect for large, heavy displays and touch-sensitive displays, due to the very stable design. A clever, adjustable camera shelf is included.

The pre-factory assembly means that installation is easy and quick, while the hidden cable chain inside the product ensures that the cables run freely without risk of fastening. Fine adjustment possibilities allows for edge-to-edge mounting of displays. The displays can be locked with a padlock or the accompanying locking screw, which provides increased protection from theft and increases personal safety. The design is protected.

Finish: New! Dark Grey.
