

PRESENCE MOBILE MOTORIZED

SKU: N/A

A unique design that completely hides cables and peripherals inside the product. Attractive and elegant on all sides, and thus able to be placed in the centre of the room. Perfect for large, heavy and touch sensitive displays, due to the very stable, patented design.

The motorised height adjustment is soft and quiet, readily available from a button at the side of the unit, behind the display. Motorized height adjustment works for most markets (both 110 and 230 V) and allows you to work ergonomically.

The display can be locked with the accompanying locking screw for personal safety, or with a padlock (not included) which provides increased protection from theft.

SMS Presence Mobile Motorized fits the Microsoft Surface Hub

We have made long-term tests for the Presence Mobile Motorized (C5-31U001-2-C-0), which indicates that the product is valid for 150 kg. Therefore, we are happy to announce that the product is suitable for the Microsoft Surface Hub 55 inch. For Presence Mobile Motorized with Microsoft Surface Hub 84", please place your order via article number C5-31U007-2-C-0.

The accurate factory assembly means that installation is easy and quick, while the hidden cable chain inside the product ensures that the cables run freely with no risk of fastening. The design of the SMS Presence is, furthermore, protected.

Finish: aluminium/anthracite grey.
