SMS Projector CL V is our flagship projector bracket (and probably the most sold in Europe). Elegant, functional and very reliable. It's easy to adjust the length and angle of the bracket.

SMS Projector CL V holds your projector upside down – it's the best way to get the most out of your projector. The catch word for this ceiling bracket is "easy". Easy to install, easy to adjust and easy to like. The SMS Projector Unislide is included in the package.

Updated version ensures an even more attractive installation.

A new smart inner ceiling cover is added which can be mounted last, after all cables have been laid.
