

SLIM SWING

SKU: FS041025

Its many settings and its close-to-the-wall mounting make this bracket ideal for anyone who wants flexibility and grace for thin displays, at the office or in the living room. The extensive use of aluminium in its design emphasises its grace. The ability to rotate left and right with a 180° swivel ensures that the display is at the perfect viewing angle. The bracket extends from the wall by only 33 mm and is delivered largely preassembled, making it easy to install. For displays of size 32-46". Finish: silver/black.
